

INDEX TO VOLUME IX

AUTHORS INDEX

A

- ADAIR, F. L. The influence of diet on lactation, 1
 —. The Joint Committee on Maternal Welfare, its organization and purposes, 571
 ADAMS, T. W. The short umbilical cord as a factor in dystocia, 690
 ALTON, B. H., and LINCOLN, G. C. The control of eclampsia convulsions by intraspinal injections of magnesium sulphate, 167
 ANDERSON, E. B. X-ray in the prenatal diagnosis of fetal monstrosity, 382
 AVERETT, L. Kielland forceps, 410

B

- BABCOCK, W. W. The field of partial gastroenterostomy in the treatment of ulceration of the stomach and duodenum, 473, 555
 BAKER. An analytical study of fifty cases of ureteral stricture and pyelitis (Abst.), 743
 BALLANCE and BALLANCE. Intracranial hemorrhage in the newborn (Abst.), 142
 BALLANTYNE, J. W. Antenatal, intranatal and neonatal death (Abst.), 146
 BARRETT, C. W., LASH, A. F., and PILOT, I. A study of streptococci from chronic infection of the cervix uteri and fallopian tubes, 797
 BELDING, D. L. The Wassermann test. The detection of syphilis in prenatal clinics, 203
 BEUTTNER. The technic of peritonization in the female pelvis (Abst.), 435
 BILL, A. H. A new axis traction handle for solid blade forceps, 606, 714
 —. The modified Scanzoni maneuver in the treatment of vertex-occipito-posterior positions, 342, 392
 BISSELL, D. Hyperemesis gravidarum treated with blood transfusion, 118
 BLUM, EISLER and HRYNTSCHAK. Cystoradioscopy (Abst.), 739
 BONNEY. Diurnal incontinence in women (Abst.), 741

- BOORSTEIN. Obstetric brachial paralysis (Abst.), 149
 BOWER, J. O., and CLARK, J. H. Myeloid leucemia complicated by pregnancy, treated with topical applications of radium, 562
 —AND—. Two cases of myeloid leucemia complicated with pregnancy, treated with topical applications of radium, 207
 BRODHEAD, G. L. Spontaneous closure of large vesico-uterine fistula (Abst.), 743
 BROWN, G. VAN AMBER. Appendicitis in children, with report of cases, 463, 549
 BROWNE, F. J. Neonatal death (Abst.), 147
 BULLARD, E. A. Abdominal pregnancy, 120
 BUNIM, L. A. A method for the aspiration of mucus in asphyxia neonatorum, 101
 BURCKHARD. The simultaneous occurrence of carcinoma of the uterus and ovaries (Abst.), 587

C

- CAMERON. Intracranial birth injuries (Abst.), 141
 —, HECTOR AND OSMAN. The late results of meningeal hemorrhage of the newborn (Abst.), 146
 CAPON. Intracranial traumata in the newborn (Abst.), 141.
 CHIFOLIAU. The operative risk in surgical treatment of uterine fibroids (Abst.), 440
 CLARK, J. H. (with BOWER, J. O.). Myeloid leucemia complicated by pregnancy, treated with applications of radium, 562
 —, (WITH BOWER, J. O.). Two cases of myeloid leucemia complicated with pregnancy, treated with topical applications of radium, 207
 CLELAND, F. A. Report of case of a large mucocoele of the cervix following a supravaginal hysterectomy fourteen years previously, 349, 395
 COE, H. C. Importance of care of mouth before operation, 266

- CONAWAY, W. P. Chronic appendicitis and pyosalpinx complicated by vesical calculus, 396
- COSGROVE, S. A., AND WATERS, E. G. Eclampsia in a patient with a duplex uterus and a single kidney, 360
- COVENTRY, W. A. Indications and end-results of the Sturmdorf operation, 804
- CRILE, GEO. W. Suggested biophysical interpretation of cancer, 642, 711
- CROTHERS. Injury of the spinal cord in breech extraction as an important cause of fetal death and of paraplegia in childhood (Abst.), 148
- CRUICKSHANK. The hemorrhages of the newborn (Abst.), 145
- CULBERTSON. Use of the sigmoid flexure and cecum in pelvic peritonization (Abst.), 436
- CURTIS, A. H. Management of the female bladder after operation and during pregnancy (Abst.), 740

D

- D'ALLAINES (WITH LECENE). The end-results of partial hysterectomy (Abst.), 441
- DANNREUTHER, W. T. Combined radium therapy and operation in the treatment of cancer of the uterus, 608, 710
- DARNALL, W. E. Pseudocartilaginous cyst of the ovary, 683, 710
- DARNER, H. L. (WITH NOVAK, E.). The correlation of uterine and tubal changes in tubal gestation, 295
- DARTIGUES, M. Total abdominal hysterectomy with direct peritoneal drainage (Abst.), 438
- DAVIS, J. E. Congenital polycystic kidneys, 758
- DICKINSON, R. L. Animal studies of fertility and sterility bearing on human problems, 715
- DICKS, J. F. Severe vaginal postoperative bleeding, 566
- DIETRICH, A. Adenoma formation in abdominal scars (Abst.), 438
- DUROUX, E. Preliminary vaginal amputation of the uterine cervix in total abdominal hysterectomy (Abst.), 437
- DYKE AND MAYBURY. On the attempted production of an "ascending" renal infection in rabbits (Abst.), 743

E

- EHRENFEST, H. The causation of intracranial hemorrhages in the newborn (Abst.), 142

- EHRENFEST, H. The prevention of birth injuries of the child (Abst.), 149
- EISLER (WITH BLUM AND HRYNTSCHAK). Cystoradioscopy (Abst.), 739

F

- FALLS, F. H. Blood transfusion by the citrate method in hemorrhages of the newborn (Abst.), 148
- FEINER, D. Case of atresia of the cervix, 544
- FLINT, A. The responsibility of the medical profession in further reducing maternal mortality, 724, 864
- FORSDIKE, S. The early diagnosis of cancer of the cervix (Abst.), 589

SUBJECT INDEX

A

- Abdominal pregnancy, specimen of, Williams, P. F., 870
- Adenoma formation in abdominal scars, Dietrich, A., (Abst.), 438
- Adnexal inflammations, chronic, late results of conservative and radical operations in, Schmidt, (Abst.), 437
- American Association of Obstetricians, Gynecologists and Abdominal Surgeons, Transactions of, Thirty-seventh annual meeting, 263, 386, 548, 709, 867
- Gynecological Society, Transactions of, Forty-ninth annual meeting, 106
- Analgesia in obstetrics, modified rectal, Gwathmey, J. T., 401
- Anesthesia, spinal, Graffagnino, P., 567
- Antenatal, intranatal and neonatal death, Ballantyne, J. W., (Abst.), 146
- Appendicitis, chronic, and pyosalpinx complicated by vesical calculus, Conaway, W. P., 396
- in children, with report of cases, Brown, G. Van Amber, 463, 549
- Asphyxia neonatorum, a method for the aspiration of mucus in, Bunim, L. A., 101
- Atresia of the cervix, case of, Feiner, D., 544

B

- Birth injuries, intracranial, Cameron, (Abst.), 141
- of the child, the prevention of, Ehrenfest, H., (Abst.), 149
- to the brain and their consequent results, Siegmund, H., (Abst.), 143
- Bladder, management of the female, after operation and during pregnancy, Curtis, A. H., (Abst.), 740
- Blood transfusion, hyperemesis gravidarum treated with, Bissell, Dougal, 118
- Brachial paralysis, obstetric, Boorstein, (Abst.), 149
- Brain, birth injuries to the, and their consequent results, Siegmund, H., (Abst.), 143

C

- Calculus, vesical, chronic appendicitis and pyosalpinx, complicated by, Conaway, W. P., 396
- Cancer of the cervix, the early diagnosis of, Forsdike, S., (Abst.), 589
- the rôle of radium in the treatment of, Jones, T. E., 662, 711
- of the female genitalia after irradiation, the results of, Opitz, E., (Abst.), 586
- of the uterus, combined radium therapy and operation in the treatment of, Dannreuther, W. T., 608, 710
- preventive hemostasis in radical hysterectomy for, by ligation of the hypogastric arteries, Roussiel, M., (Abst.), 585
- suggested biophysical interpretation of, Crile, Geo. W., 642, 711
- uterine, indications for surgery in the treatment of, Gosset and Monad, (Abst.), 586
- Carcinoma, abdominal and vaginal operation for, Halban, (Abst.), 586
- cervical, vaginal colpohysterectomy for, Salvador, J., (Abst.), 583
- of the female urethra with notes of two cases treated with radium, Shaw, W. F., (Abst.), 588
- of the ovary, endometrial, arising in endometrial tissue in that organ, Sampson, J. A., 111
- of the uterus and ovaries, the simultaneous occurrence of, Burekhard, (Abst.), 587
- to Bartholin's gland, metastases of, Pfeiffer, J., (Abst.), 587
- radiation therapy of, Portmann, U. V., 658, 711
- squamous cell, of the corpus uteri, Schmitt, (Abst.), 588
- uterine, treated with radium, histopathologic changes in, Klempner, P., 619, 711
- uteri, two years' experience with the combination treatment of surgery and radium rays in cases of, Seeligmann, G., 66
- uterine, the early diagnosis of, Gerich, O., (Abst.), 588

- Carcinomata, cervical, treatment of inoperable, with measured doses of x-rays and radium based on microscopic examinations, Schmitz, H., 644, 711
 ovarian, torsion of, Schwartz, L. S., 375
- Care of mouth before operation, importance of, Coc, H. C., 266
- Catheterization, a preliminary study of postoperative, Mills, R. G. (Abst.), 740
- Cervix, cancer of the, the early diagnosis of, Forsdike, S., (Abst.), 589
 the rôle of radium in the treatment of, Jones, T. E., 662, 711
 case of atresia of the, Feiner, D., 544
 electrocautery in the treatment of lacerations and chronic infectious diseases of the, Miller, H. E., 73
 observations on trauma to the undilated, but dilatable, Harper, P. T., 103
 report of case of a large mucocele of the, following a supravaginal hysterectomy fourteen years previously, Cleland, F. A., 349, 395
- uteri, the amputation of the, Hartmann, H., (Abst.), 437
- uterine, preliminary vaginal amputation of the, in total abdominal hysterectomy, Duroux, E., (Abst.), 437
- Cesarean section, concerning the technic of the classical, Lawrance, J. A., 830
 in bicornate uterus, report of two cases of, with pregnancy, Jones, A. T., 347, 390
- Chorioepithelioma, primary, of the fallopian tubes, Solomons, (Abst.), 591
- Chorioepitheliomata, extragenital, of congenital origin, Miller, (Abst.), 590
- Collective Reviews:
 A review of the gynecological literature of 1924, Schochet, S. S., and Lackner, J. E., 727
 Massive excision of subcutaneous abdominal fat, Heineck, A. P., 277
 New books, Frank, R. T., 130, 876
 The obstetrical literature of 1924, Greenhill, J. P., 417, 575
- Corpus uteri, squamous cell carcinoma of the, Schmitt, (Abst.), 588
- Curettage without anesthesia on the office table, Kelly, H. A., 78, 123
- Cyliosoma, a rare fetal monster, report of a case of, Wolfe, S. A., 540
- Cysticercus cyst of the liver, case report, West, J. N., 396
- Cystoradioscopy, Blum, Eisler and Hryntschak, (Abst.), 739
- D
- Decidual tumors, benign, of the uterus, Nichols, (Abst.), 590
- Diagnosis, differential, in certain abdominal conditions, exhibition of charts illustrating points in, Morris, R. T., 486, 557
- Diseases of the urinary tract, (Abst.), 739
- Diurnal incontinence in women, Bonney, (Abst.), 741
- Drainage in pelvic abdominal surgery, Kelly, (Abst.), 438
- Dysmenorrhea, relation of, to interstitial thyrotoxicosis, Hertzler, A. E., 783
 some observations on, at Goucher College, Van Duyne, S. E., 234
 some phases of, Miller, C. J., 524, 569
- Dystocia, the short umbilical cord as a factor in, Adams, T. W., 690
- E
- Eclampsia, conservative treatment of, King, E. L., 412
 Speidel, E., 320, 386
 with report of cases, King, E. L., 338
 convulsions, the control of, by intraspinal injections of magnesium sulphate, Alton, B. H., and Lincoln, G. C., 167
 elimination of, as a complication of pregnancy, Miller, G. B., 87
 in a patient with a duplex uterus and a single kidney, Cosgrove, S. A., and Waters, E. G., 360
 in the obstetrical department of the Johns Hopkins Hospital, Comparison of the results obtained after radical and conservative treatment of, Wilson, K. M., 189
 puerperal, magnesium sulphate in, a preliminary report of the intravenous use of, Lazard, E. M., 178
 relation of extraneous disease and subsequent organic defects to the incidence of, Lawrance, J. S., 351, 409
 treatment of, by the Stroganoff method, Stander, H. J., 327
- Embolectomy, in puerperal gangrene, Stein, A., 595, 713
- Emmet-Baldwin operation for procidentia, Gibson, G., 637, 720
- Endothelioma, malignant, of perithelioma type, in the ovary, 247

- Enterocoele, posterior vaginal, prolapse of the culdesac of Douglas or, Phaneuf, L. E., 507, 560
Ethylene-oxygen in obstetrics, King, E. L., 835

F

- Fallopian tube, primary, chorioepithelioma of the, Solomons, (Abst.), 591
Fat, abdominal, massive excision of subcutaneous, Heineck, A. P., (collective review), 277
Fertility and sterility, animal studies of, bearing on human problems, Dickinson, R. L., 715
Fetal death, injury to spinal cord in breech extraction as an important cause of and of paraplegia in childhood, Crothers, (Abst.), 148
monstrosity, x-ray in the prenatal diagnosis of, Anderson, E. B., 382
Fetus, cranial stress in the, during labor and on the effects of excessive stress on the intracranial contents, Holland, (Abst.), 140
Fibroids, uterine, the operative risk in surgical treatment of, (Abst.), 440
Fistula, uretero-vaginal, uretero-cystostomy for, Pennisi, (Abst.), 742
Forceps, a new axis traction handle for solid blade, Bill, A. H., 606, 714

G

- Gangrene of the extremities following gynecologic operations and the puerperium, with remarks on embolectomy, Stein, A., 595, 713
Gastroenterostomy, the field of partial, in the treatment of ulceration of the stomach and duodenum, Babcock, W. W., 473, 555
Gestation, tubal, the correlation of uterine and tubal changes in, Novak, E., 398
the correlation of uterine and tubal changes in, Novak, E., and Darner, H. L., 295
Glomerulonephritis, acute, clinical similarity between eclamptic toxemia and, Mussey, R. D., 808
Gynecologic literature of 1924, a review of the, Schochet, S. S., and Lackner, J. E., (collective review), 727
operations, (Absts.), 434
in relation to the life assurance, Giles, (Abst.), 439

- Gynecologic—Cont'd
procedures, dangers resulting from apparently trivial, McGlinn, J. A., 520

H

- Heart disease, congenital, the early diagnosis of, Wüsthoff, H., (Abst.), 291
Hematometra, separated double uterus with, Nemes, (Abst.), 290
Hemorrhages of the newborn, blood transfusion by the citrate method in, Falls, F. H., (Abst.), 148
retinal, in the newborn, 148
Hemorrhagic disease of the newborn, Kaiser, (Abst.), 147
Hermaphroditism, a case of true, Masson, J. C., 81, 114
true, in the human being, Polano, (Abst.), 287
Hydatid mole, proliferative processes in the center of, Hinselmann, (Abst.), 590
Hydatidiform mole, a case of, in a woman just before the menopause, Frey, E., (Abst.), 590
Hyperemesis gravidarum treated with blood transfusion, Bissell, Dougal, 118
Hysterectomy, partial, the end-results of, Lecene and D'Allaines, (Abst.), 441
total abdominal, with direct peritoneal drainage, Dartigues, M., (Abst.), 438

I

- Ileus, postoperative paralytic, Mayer, (Abst.), 439
Impetigo in the newborn, report of 224 cases of, McCandish, H. S., 228, 266
Incision, abdominal, in pelvic surgery, Fothergill, W. E., (Abst.), 434
Incisions, abdominal, a comparative study of, Southam, A. H., (Abst.), 434
Infection of the cervix uteri and fallopian tubes, a study of streptococci from chronic, Barrett, Lash and Pilot, 797
Infections, chronic, in pregnancy, Fowler, W. A., 837
Injury of the spinal cord in breech extractions as an important cause of fetal death and of paraplegia in childhood, Crothers, (Abst.), 148
Insulin and glucose treatment of excessive vomiting of pregnancy, Thalhimier, W., 673, 716

- Institutional antepartum methods applied to private practice, Har-
rar, J. A., 243, 264
- Instruments left in the peritoneal
cavity, White, C., (Abst.), 440
- Intracranial birth injuries, Cameron,
(Abst.), 141
- hemorrhage in the newborn, Ballance
and Ballance, (Abst.), 142
- in the newborn, Kelly, G. F.,
(Abst.), 143
- in the newborn, Sharpe, (Abst.),
145
- in the newborn, Shape, W., and
Maclaire, S., 452, 548
- in the newborn, the causation of,
Ehrenfest, H., (Abst.), 142
- hemorrhages, the origin of, in the
newborn, Saenger, H., (Abst.),
144
- traumata in the newborn, Capon,
(Abst.), 141
- Intranatal death, Holland, E., (Abst.),
147

K

- Kidneys, polycystic, congenital, Davis,
J. E., 758
- Kielland forceps, Averett, L., 410

L

- Lactation, the influence of diet on,
Adair, F. L., 1
- Laparotomy, iodizing the skin in,
Schumacher, (Abst.), 435
- Leucemia, myeloid, in pregnancy, two
cases of, treated with topical
applications of radium, Bower,
J. O., and Clark, J. H., 207,
562
- Livitz, cysticercus cyst of the, case re-
port, West, J. N., 396

M

- Magnesium sulphate, intraspinal injec-
tions of, in eclampsia, Alton,
B. H., and Lincoln, G. C., 167
- in puerperal eclampsia, a pre-
liminary report of the intra-
venous use of, Lazard, E. M.,
178
- Malformation, a rare double, Krauss,
(Abst.), 291
- Malformations, congenital, (Absts.),
287
- Maternal mortality, the responsibility
of the medical profession in
further reducing, Flint, A.,
724, 864
- what New York State is doing to
reduce, McKay, F., 704, 723

Maternal—Cont'd

- welfare, report of the committee on,
Mosher, G. C., 263
- the Joint Committee on, its organ-
ization and purposes, Adair, F.
L., 571
- Maternity care, provisions for, in the
United States, Van Blarcom,
C. C., 697, 723
- Meningeal hemorrhage of the newborn,
the late results of, Cameron,
Hector and Osman, (Abst.),
146
- Mercurochrome, blood-stream infection
treated with, intravenously,
Piper, E. B., 17, 107
- Mortality, maternal, responsibility of
the medical profession in
further reducing, Flint, Austin,
864

N

- Neonatal death, Browne, F. J., (Abst.),
147
- Neoplasms, malignant, (Abst.), 583
- Newborn, hemorrhages of the, Cruick-
shank, (Abst.), 145
- blood transfusion by the citrate
method in, Falls, F. H., (Abst.),
148
- hemorrhagic disease of the, Kaiser,
(Abst.), 147
- intracranial hemorrhage in the, Bal-
lance and Ballance, (Abst.),
142
- Kelly, G. F., (Abst.), 143
- Sharpe, (Abst.), 145
- Sharpe, W., and Maclaire, S.,
452, 548
- the causation of, Ehrenfest, H.,
(Abst.), 142
- the origin of, Saenger, H.,
(Abst.), 144
- traumata in the, Capon, (Abst.),
141
- meningeal hemorrhage of the, late
results of, Cameron, Hector
and Osman, (Abst.), 146
- pneumonia in the stillborn and, a
study of, Johnson, W. C., 267
- retinal hemorrhages in the, Jacobs,
M. W., (Abst.), 148
- report of 224 cases of impetigo in
the, McCandish, H. S., 228, 266
- New Orleans Gynecological and Ob-
stetrical Society, transactions
of, 412, 566
- New York Academy of Medicine, Sec-
tion of Obstetrics and Gynec-
ology, transactions of, 723
- New York Obstetrical Society, trans-
actions of, 115, 266, 396, 715
- Novocaine in obstetrics, the use of,
Rucker, M. P., 35, 106

O

- Obituary—Thomas J. Watkins, 593
 Obstetrical literature of 1924, Greenhill, J. P., (collective review), 417
 Society of Philadelphia, transactions of, 123, 409, 561, 721, 870
 Obstetrics, ethylene-oxygen in, King, E. L., 835
 modified rectal analgesia in, Gwathmey, J. T., 401
 recent advances in our knowledge of, and their bearing on obstetrics as a specialty, Skeel, A. J., 239, 263
 Occipito-posterior positions, the modified Scanzoni maneuver in the treatment of vertex, Bill, A. H., 342, 392
 Ovarian carcinomata, torsion of, Schwartz, L. S., 375
 cysts, torsion of the pedicle of, Helvestine, F., Jr., 259
 transplantation, Kross, I., 628, 715
 Ovaries after hysterectomies, fate and function of the, Maxwell, Alice F., (Abst.), 441
 Ovary, malignant endothelioma of perithelioma type of the, Schmitz, E. F., 247
 pseudocartilaginous cyst of the, Darnall, W. E., 683, 710
 sarcoma of the, in children and young girls, Scheffey, L. C., 490, 561

P

- Papilloma of the portio, Moebule, W., (Abst.), 589
 Paraplegia in childhood, injury to the spinal cord in breech extractions as an important cause of fetal death and of, Crothers, 148
 Pelvic abdominal surgery, drainage in, Kelly, (Abst.), 438
 infections, foreign proteins as adjuvants in the treatment of obstinate, Mohler, R. W., 365, 411
 peritonization, use of the sigmoid flexure and cecum in, Culbertson, (Abst.), 436
 Pelvimetry, a newly modified method of determining the area of the pelvic inlet by x-ray, Thoms, H., 667, 715
 Peristalsis, postoperative, the prophylactic pouring of ether into the abdominal cavity during laparotomies to induce, Frankenstein, K., (Abst.), 438
 Peritonitis, postoperative, relation of, to periodic epidemics of infection. Huggins, R. R., 819, 868

- Peritonization in the female pelvis, the technic of, Beuttner, (Abst.), 435
 Pneumonia in the stillborn and newborn, a study of, Johnson, W. C., 267
 Pregnancy, abdominal, Bullard, E. A., 120
 case of, with hymen intact, Schilling, N., 258
 chronic infections in, Fowler, W. A., 837
 excessive vomiting, treatment by insulin and glucose, Thalheimer, W., 673, 716
 hemoclastic crisis test in, Reveno, W. S., and Welz, W. E., 535
 interstitial, with the report of an unruptured case, Levy, W. E., 93
 intrauterine, following two tubal pregnancies, Lindeman, H. E., 115
 myeloid leucemia complicated by pregnancy, treated with topical applications of radium, Bower, J. O., and Clark, J. H., 562
 ovarian, and gall stones. Movable right kidney and cysticercus cyst of the liver, West, J. N., 396
 two cases of myeloid leucemia complicated with, treated with topical applications of radium, Bower, J. O., and Clark, J. H., 207
 unruptured interstitial, with anatomic and histologic report of an early case, Litzenberg, J. C., 22

- weight factor in, Randall, L. M., 529
 weight during, Hannah, C. R., 854
 Procidentia, Emmet-Baldwin operation for, Gibson, G., 637, 723
 end-results with the Emmet-Baldwin operation for, Gibson, G., 637, 720
 Proteins, foreign, as adjuvants in the treatment of obstinate pelvic infections, Mohler, R. W., 365, 411
 Puerperal gangrene, embolectomy in, Stein, A., 595, 713
 Pyelitis, an analytical study of fifty cases of, Baker, (Abst.), 743
 therapy of, Schwarz, (Abst.), 743

R

- Radium in gynecology, contraindications to the use of, Graves, W. P., 445, 562
 the rôle of, in cancer of the cervix, Jones, J. E., 662, 711
 Reflex, the "Esplanade" or pelvic, Jayle, F., (Abst.), 436

- Renal infection in rabbits, on the attempted production of an "ascending," Dyke and Maybury, (Abst.), 743
- Retention of urine due to haematocolpos and haematometra in a child, Haworth, J. K., (Abst.), 741
- Rubin test, new uterine cannula for use in the, Gladstone, E., 695
observation on the, Morgan, R. T., 843, 872

S

- Sarcoma, vulvar, a contribution to the statistics of, Veit, (Abst.), 590
- Scalp, congenital defects of the, Heidler, H., (Abst.), 150
etiology of congenital skin defects of the, Walz, W., (Abst.), 150
- Selected abstracts:
Birth injuries of the newborn, 140
Congenital malformations, 287
Gynecologic operations, 434
Malignant neoplasms, 583
- Sex glands of the domestic pig, a morphological study of some phases in the development of the, Wilson, K. M., 110
- Spasmodic cervical contraction and injury to the child's head during labor, (Abst.), Fütth, 150
- Spinal anesthesia, Graffagnino, P., 567
- Sphincter tightening, suprapubic, Furniss, H. D., 503, 560
- Spontaneous closure of large vesico-uterine fistula, Brodhead, G. L., (Abst.), 743
- Stillborn, pneumonia in the newborn and, a study of, Johnson, W. C., 267
a study of, in the, Johnson, W. C., and Meyer, J. R., 151
- Sturmdorf operation, indications and end-results, Coventry, W. A., 804
- Surgery, pelvic, a lecture to graduates on three years of, Fothergill, W. E., (Abst.), 436
- Syphilis, the detection of, in prenatal clinics, Belding, D. L., 203

T

- Tabes dorsalis complicating pregnancy, report of a case of, Hamblen, R. N., 102
- Thyrototoxicosis, relation of dysmenorrhea to interstitial, Hertzler, A. E., 783
- Torticollis, etiology of congenital, Stern, A., (Abst.), 148
- Toxemia, acute, clinical similarity between eclamptic and acute glomerulonephritis, Mussey, R. D., 808

Toxemia—Cont'd

- of pregnancy, further studies of recurrent, Kellogg, F. S., 197
- Toxemias of pregnancy, further studies of recurrent, Kellogg, F. S., 265
- Transfusion, for hyperemesis gravidarum, treated with blood transfusion, Bissell, D., 118
- Tubal gestation, the correlation of uterine and tubal changes in, Novak, E., 398
the correlation of uterine and tubal changes in, Novak, E., and Darner, H. L., 295
- Tuberculous salpingitis, bladder fistula as a result of, Gayet, (Abst.), 742

U

- Ulceration of the stomach and duodenum, the field of partial, in the treatment of, Babcock, W. W., 473, 555
- Umbilical cord, the short, as a factor in dystocia, Adams, T. W., 690
- Ureter, a note on injuries of the female, Robinson, A. L., (Abst.), 744
suture of the, Gouverneur, (Abst.), 744
- Ureteral pathology, three types of, with unusual clinical features, Richardson, E. H., 678, 721
stricture and pyelitis, an analytical study of fifty cases of, Baker, (Abst.), 743
in obstetrics; with special reference to multiple abortions (renal) and to pyelitis in pregnancy, Hunner, G. L., 47, 126
- Urinary incontinence in the female, Young, (Abst.), 741
tract, diseases of the, (selected abstracts), 739
- Urology in women, Stevens, (Abst.), 739
- Urotropin intravenously for inability to urinate following operation or delivery, Vogt, (Abst.), 740
- Uterine cancer, indications for surgery in the treatment of, Gosset and l Monad, (Abst.), 586
carcinoma, early diagnosis of, Gerich, O., (Abst.), 588
treated with radium, histopathologic changes in, Klemperer, P., 619, 711
fibroids, the operative risk in surgical treatment of, (Abst.), 440
tumors, the coincidence and interference of, Frankl, O., 745, 867
- Uterus and ovaries, carcinoma of the, the simultaneous occurrence of, Burekhard, (Abst.), 587
anteponed, Reder, F., 356, 394

Uterus—Cont'd

- benign decidual tumors of the, Nichols, (Abst.), 590
- bicornate, report of two cases of, with pregnancy, cesarean section, Jones, A. T., 347, 390
- cancer of the, combined radium and operation in the treatment of, Dannreuther, W. T., 608, 710
- Carcinoma of the, metastases of, to Bartholin's gland, Pfeiffer, J., (Abst.), 587
- radiation therapy of, Portmann, U. V., 658, 711
- congenital absence of the, and associated developmental defects, Wharton, L. R., (Abst.), 290
- contractions of a nonpregnant multiparous human, Rucker, M. P., 255
- decidual benign tumors of the, Nichols, (Abst.), 590
- endotheliomata of the, Murphy, D. P., (Abst.), 589
- malformations of the, Royster, (Abst.), 290
- rupture of the, including the report of two cases with recovery following hysterectomy, Quigley, J. K., 709
- with a report of two cases with recovery following hysterectomy, Quigley, J. K., 685, 709
- separated double, with hematometra, Menes, (Abst.), 290

Uterus—Cont'd

- septus with special reference to operative technic, Kerwin, W., 369

V

- Vagina and uterus, congenital absence of, Robinson, (Abst.), 289
- congenital absence of the, and formation of a vagina by intestinal transplantation, Villette, (Abst.), 288
- four cases of, Hortolomei, (Abst.), 288
- construction of the, from intestine in complete absence of, Hörmann, (Abst.), 288
- in cases of congenital defect, Rosenstein, (Abst.), 289
- semicircular mattress suture of the, immediately following labor, Tilles, R. S., 823
- Vaginal colpohysterectomy for cervical carcinoma, Salvador, J., (Abst.), 583
- postoperative bleeding, severe, Dicks, J. F., 566

W

- Wassermann, study of 300 negro women having a four-plus, 850
- test, the detection of syphilis in prenatal clinics. Belding, D. L., 203
- Weight during pregnancy, Hannah, C. R., 854
